Further under rule 30(2) of the Trust rules the investment and reinvestment of all surplus money of the Trust and their withdrawal shall be made or withdrawn by the Chairman with the sanction of the Trust. It is found consequent to this provision everytime the Trust sanction has to be obtained to satisfy the rules and there is thus unavoidable delay.

However, under the Trust rules there is no provision to delegate powers of the Trust to the Chairman. Under rule 10(b) the Trust may delegate powers to a committee constituted for this purpose consisting of not less than three members subject to the confirmation of all the decisions taken by it by the Trust.

The Trust is therefore requested to consider the matter and constitute a committee for this purpose consisting of not less than three members.
