

Sub: Works - Engg - Zone III - Government lands - Clearing of jungle and Formation of approach including removal of encroachments at Madhurawada & Bheemili areas - Draft subject placed before Board for perusal and ratification - Reg.

\*\*\*

The District Administration has handed over certain Government lands situated at Madhurawada and Bheemili areas. Since the above lands are covered with thick jungle and thorny bushes it is proposed to clear the existing jungle and to form the access / approach to have clear picture of the site and to facilitate the identification and fixation of correct boundaries.

Further the land at Madhurawada is located on a hillock covered with heavy jungle and there is no access to reach the top of hill and hence it is desired to form the access / Motarable track to reach the top of hill to facilitate the conduct of survey to work out the exact area of land available including valley portion and hills slopes. The total extent of the land is about 40 Acres (approx.) 30'-0" wide Motarable track is formed to top of the hill from the bottom measuring 700 m long

The lands handed over at Nerrallavasa in S.Nos 87,88,89,92,93 near Bheemili are located adjacent to VUDA approved layout (private) named as "Gruha Jyothi" and accessible through this layout road only. The connecting approach road is via SOS Children Village from Bheemili Beach Road. En-route 9 to 10 encroachments (Compound walls) are obstructing the right of way. So it is necessitated to demolish the said compound walls to form the full width of road i.e 40'-0" wide to a length of 800 Mtrs (approximate) as per Master Plan proposals.

The Vice Chairman, VUDA has accorded administrative sanction for Rs.4, 32,135/- (Rupees Four lakhs thirty two thousand one hundred and thirty five only). In accordance with the instructions issued the works of jungle clearance, formation of track and demolition of encroachment are taken up departmentally by engaging the required machinery Ex-200, Ex-60/70 from the local agencies on hire basis at approved rates and completed.

Hence the matter is placed before VUDA Board for kind perusal and ratification.

Perused and ratified the action in having accorded administrative sanction of Rs.4,32,135/- for the works Jungle Clearance, formation of track and demolition of encroachments at Madhrawada and Bheemili areas.

  
Chairman, VUDA
