

SUBJECT NO: 134

Sub: Works - Engg - Certain repair works carried out to the Camp office of Vice-Chairman, VUDA - Draft subject placed before VUDA board for perusal and ratification - Reg.

AGENDA NOTE:

VUDA has constructed the building for Camp Office of Vice-Chairman, VUDA at Pandurangapuram layout, Visakhapatnam long ago. During the course of time water supply and sanitary lines / fixtures, internal wiring and certain electrical fixtures, and flooring were damaged due to wear and tear and prolonged usage. Besides the above certain repairs are found necessary to joinery (doors / windows) in certain rooms, open court yards at front and rear sides due to the problem of stagnation of water and lack of proper outlet facility for storm water and gradient correction for the approach road at entrance for easy vehicular movement.

Since the painting of interior and exterior wall surfaces was faded out and building is not looking good at present, it is felt that it is desirable to give facelift by providing painting to the building. Further to ensure proper safety it is proposed to fence with barbed wire all around the compound wall of the building.

In view of the above, the following repair works were taken up and completed by way of sealed quotations in view of urgency since the items of works are petty and minor in nature.

S. No.	Name of the work	Estimate Amount Rs. Lakhs
1	Providing sheet for Car parking shed.	0.52
2	Providing concentric fencing all-round the compound wall.	0.94
3	Painting to the building	3.63
4	Providing ramp with CC for gradient correction	3.35
5	Certain Special repair works	0.54
6	Electrical repair works	0.53
	TOTAL:	9.51

Hence the matter is placed before VUDA Board for perusal and ratification.

VICE CHAIRMAN

CHAIRMAN

VUDA RESOLUTION NO. 134, DT. 15-12-2012

The Board discussed the matter and resolved to ratify the subject.
