SUBJECT:- No. 29

Layout - Combined layout for the site situated near East point guest house and beach road - T.S.Nos. 378, 379, 380, 382A, 383, 385, 973, 974, 983 etc. - Approval - Requested.

NOTE:-

Read the combined layout prepared for the sites bearing T.S.Nos. 378, 379, 380, 382A, 383, 385, 973, 974, 981, 983 and 984 which are under acquisition of the Trust for allotment to the applicants.

The Trust is requested to approve the layout for the above sites.

SUBJECT:- No. 30.

Layouts - Layout for T.S.No. 1673 of Allipur ward - Layout by State Bank of India employees society - Approval - Regarding.

NOTE:-

Read the letter dt. 1-3-1964 from the Secretary, State Bank of India employees Co-operative Building Society, Visakhapatnam stating that the layout as approved by the Director of Town Planning is not practicable on the ground as the 30' road passing through T.S.Nos. 1673 and 1671 will be of no practical utility as the adjoining plots to the east of scheme road in T.S.No. 1673 will be at a very low level i.e. 12' above the ground level etc.

Read also remarks of the Commissioner that the layout is not practicable as a no of existing buildings will go in the proposed 30 feet road.

Read remarks of the Executive Engineer -cum-Town Planner suggesting a layout in corresponding to the existing layout and buildings.

The Trust is requested to approve the suggestive layout and recommend to the Director of Town Planning for approval.

SUBJECT:- No. 31.

Construction of buildings at the proposed 33/11 K.V. common point sub-station at Visakhapatnam - layout for site - Regarding.

NOTE:-

Read letter D.O.No.222/64 dt.3-6-1964 of the Assistant Engineer, T.L.C. Civil Division Electricity Department stating that the Department is proposed to construct 2 control rooms near Railway line at Ramamurty pantulupeta and requesting to approve the layout.

As there is no sufficient space to observe the building line the Director of Town Planning may be requested to accord exemption from the prescribed building line reducing it to 10' as a special case duly approving the layout of buildings.
