

SUBJECT NO: 138

Sub:- VUDA – Visakhapatnam – Planning – Extension of VUDA area limits
- Reg.

AGENDA NOTE:-

The VUDA was constituted under Section 13 (1) of the A.P.U.A.(D) Act, 1975 comprising the area of 1721 sq.kms. consists of 244 villages, 4 Municipalities and One Municipal Corporation and 48 villages as vicinity. The Master Plan was prepared for the entire VUDA area of 1721 sq.Kms. consisting of 4 Urban Centres and 287 rural settlements under Section 8 of A.P.UA (D) Act, 1975. The said Master Plan was approved by the Government in G.O.Ms.No.274,MA, dated:23.5.89 under section 9 of the said Act.

The VUDA has taken-up the revision of Master Plan for horizon year 2021 which is under finalization. The Government of Andhra Pradesh has proposed to develop the Special Economic Zone (S.E.Z.) in Atchutapuram (M) adjoining to Visakhapatnam Mandal for which the land acquisition is initiated for the land covering an extent of 3797 hectares. Out of which an extent of 797 hectares only ie. 21% is fallen within the VUDA area (VMR area). The remaining extent of 3000 hectares ie. 79% is fallen out side the V.M.R. boundary.

The S.E.Z. will have a major economic activity, which would activate the development, and such development would have spillover effects on V.M.R. both in terms of horizontal and vertical development. Hence, it is felt necessary that the S.E.Z. area should also be an integral part of V.M.R. Considering this it is proposed to extend the southern boundary of V.M.R. along the river Sarada which covers an area of 25.9^{Sq}KMs. The existing and proposed boundary of the V.M.R. limits are shown in the map annexed. The names of the village its area and the population covered in the proposed area is annexed herewith.

The mater is placed before the VUDA Board to recommend to the Government to include the proposed extension area covering 65 villages with an area of 28,398.05 hectares and 1,23,673 of population, in VUDA limits under Section 13 (2) (b) of the A.P.U.A (D) Act, 1975.
