

SUB:- Road widening - Urban Development Authority - Visakhapatnam - Chengalraopeta Main Road - acquisition of land in T.S.No.134/2,135,137 and 138 - Initiation of L.A.Proceedings - Regarding.

The Vice-Chairman, Urban Development Authority, Visakhapatnam during the course of inspection of the road widening cases observed that there is a triangular bit, a portion of which is only covered by acquisition in Chengalraopeta road widening scheme. As there are roads on three sides of the Triangular bit, it was pointed out by the Vice-Chairman in his notes of inspection to examine the desirability of acquiring the entire triangular bit instead of leaving some permanent structures on one arm of the triangular so that a traffic island can be constructed as per the sanctioned Chengalraopeta ward T.P.Scheme. The Chengalraopeta main road widening scheme, part of Chengalraopeta ward T.P.Scheme was earlier executed by the erstwhile T.P.T. under the specific state grants. Only the said triangular site has been left over and hence it is found necessary to acquire the entire triangular bit covered by T.S.No.134/2,135, 137 and 138 of Block No.3 in Chengalraopeta ward as shown below to make the scheme in full.

<u>T.S.No.</u>	<u>Extent</u>	<u>Nature</u>	<u>Name of the owner.</u>
134/2	0.734 sq.ft.	terraced building	Smt. K.Sootharathanam.
135	0.297 sq.ft.	-do-	Sri K.Rama Rao.
137	0.535 sq.ft.	Building under construction.	
138	0.290 sq.ft.	Stored building	Sri V.Suryanarayana.

Therefore necessary requisition accompanied by the schedule may be sent to the Special Deputy Collector(L.A.), Urban Development Authority for initiation of L.A.proceedings in respect of the above land as shown in the sketch.

The matter is placed before the Authority for approval.
