

SUBJECT NO.: 1240

Sub:-Engg. - Delegation of powers of Superintending Engineer and Executive Engineers of U.D.A., Visakhapatnam - Reg.

It is submitted that previously there was no post of Superintending Engineer in VUDA and thereby the powers of Superintending Engineer in VUDA have been delegated to the existing Executive Engineers.

Since the post of Superintending Engineer in VUDA is recently created it has been considered to delegate the enhanced powers than the powers indicated in the codal powers to Superintending Engineer and Executive Engineers. Accordingly the proposed enhanced powers of Superintending Engineer and Executive Engineers and other Engineering staff of VUDA have been appended and placed before the Authority for its approval. Similar enhanced powers were given to the Executive Engineers in VUDA itself. On this similar analogy these powers can be sought for from the Government.

The VUDA is therefore requested to approve the above proposals as appended and to send to the Government duly recommended. The Authority is also requested to permit the Superintending Engineer/Executive Engineers, VUDA to exercise the said powers pending approval of Government in view of the fact that similar powers were given even to Executive Engineers previous by the Government.
