

SUBJECT NO : 541

Sub:- VUDA - UFD - Providing Drip Irrigation system for proposed Coconut grove in New VUDA Park on cost to cost basis - Reg.

AGENDA NOTE

It is submitted that a Coconut Grove is proposed to be developed in New VUDA Park on the Eastern side of the Naval Base. For watering the coconut plants, Drip Irrigation system is considered more advantageous. Certain Firms dealing in Drip Irrigation system were consulted for installing the same.

M/s Ambika Industrial Enterprises, Hyderabad has come forward to instal the sytem on cost to cost basis without any profit or loss to them as it would serve as a demonstration plot to their company. They have quoted a rate of Rs.53,000/- for providing Drip Irrigation system for 600 plants, over 10 Acres with a discount of 15%.

They were requested to give some more discount and during negotiations, they have accepted to forego the installation charges and agreed to install the system for Rs.51,500/-. They have also agreed totake care of any further probleme upto 2 years.

The following firms at Visakhapatnam were also contacted for installation of Drip Irrigation system for the coconut plants and they have quoted following rates as noted against each.

<u>S.NO.</u>	<u>Name of the firm</u>	<u>Amount quoted.</u>
1.	M/s Kiron Engineering Company Visakhapatnam.	Rs.85,000/-
2.	M/s Godavari Trading Corporation, Visakhapatnam.	Rs.89,838/-

As per the approved rate of the Director of Horticulture, Andhra Pradesh, Hyderabad for installation of Drip Irrigation system for 10 acres of coconut plantation, the cost comes to Rs.73,225.80.

....2/-

:: 2 ::

In view of the above, the matter is placed before the Board for approval of the rate of Rs.51,500/- and for entrustment of work to M/s Ambica Industrial Enterprises, Hyderabad for installation of the Drip Irrigation System for the coconut Grove proposed to be developed in NEW WUDA Park on cost to cost basis.

SUBJECT NO: 541 :: Approved.
