

SUBJECT NO. 593

Sub:- VUDA, Vsp. Enhancement of collection of Ele. Consumption charges from bulk allottees (other than shops) from 1-4-94 - Approval - Reg.

AGENDA NOTE:

The VUDA is taking the Bulk electrical supply from APSEB to the Office complexes and shopping complexes of VUDA either H.T. or L.T. according to the Ele. power requirement to the complexes. The H.T. supply of 250 KVA at U.B. Complex and Gandhi place Phase-I and II is being distributing to the shopping complexes and Office complexes including VUDA Office in U.B. Complex. The total average consumption per month as per H.T. supply from 1/93 to 12/93 is 22907 units of 360 KVA. The transformer at U.B. Complex capacity is only 260 KVA and it is excess loaded to 110 KVA. Therefore, the VUDA is paying an average Rs. 84016/- per month towards excess consumption charges to APSEB due to excess load of H.T. service and the said excess amount is being paid to APSEB every month ^{is} to be collected from the bulk allottees of Office complexes.

The A.E. (Ele.) VUDA has therefore proposed for enhancement of collection of Electrical consumption charges from 1-4-94 at Rs. 2.00 per unit up to 500 units and Rs. 2.40 per unit over and above 500 units as the present collection of consumption charges at Rs. 1.75 per unit up to 50 units and Rs. 2.00 per unit over and above 50 units are not sufficient to

: 2 :

The matter is placed before the VUDA Board to consider the proposal of A.E. (Ele.) to collect the Electrical consumption charges at the enhanced rates from 1-4-94 from bulk allottees (other than shops).

32. Subject No. 593

: Approved.
