

Rc.Nb.3734/94 A1

SUBJECT NO. 600

Sub:- ESTT. WDA - Providing A.C.facility to Chief Planning Officer and Chief Accounts Officer, WDA - Reg.

\*\*\*

AGENDA NOTE :

In WDA there are 4 Heads of Wings with the following posts.

1. Secretary
2. Chief Accounts Officer.
3. Chief Planning Officer.
4. Superintending Engineer.

There is A.C.facility to the cabins of Secretary and Superintending Engineer (Chief Engineer) WDA. A.C.facility is not provided to the cabins of Chief Accounts Officer and Chief Planning Officer, WDA.

As per the Government guidelines, only in the cadre of Addl. Secretary to the Government/Heads of Department at the State level are entitled A.C.facility in the Government.

But the Statutory bodies/Public undertakings like Municipal Corporations/A.P.I.C.C are giving such facilities depending upon the importance/largeness of the functions. WUDA is basically a Planning Organisation.

The cabin of the Chief Planning Officer is located in the 2nd floor of 'C' Block over which there are no floors and is open terrace. Further, the cabin is also of west facing. In view of the above the cabin is getting very hot especially during summer and difficult to work. Further, the Chief Planning Officer's work is also partly office work to look after files as well as the designs. The Chief Engineer (Superintending Engineer) ( on deputation from R&B Department) who is one of the Head of Wings was already with A.C.facility. The Chief Planning Officer is in the

cadre of Chief City Planner of Hyderabad Municipal Corporation and the A.C. is provided to that cadre. The Chief Accounts Officer's cabin is also west facing and getting very hot. He is in the cadre of Deputy Director from Local Funds Audit Department.

Hence the matter is placed before the Authority to consider to extend the A.C. facility to the Chief Planning Officer and Chief Accounts Officer, WUDA as was provided to the Superintending Engineer/Secretary.
